

Renfrewshire Council Children's Services

Gleniffer High School Improvement plan

2015 - 2016

Vision

Renfrewshire's Council Plan and Community Plan sets out a vision for Renfrewshire, identifying the challenges and opportunities and provides a framework for improving outcomes for the citizens of Renfrewshire.

From this, Children's Services has developed an action plan setting out how it intends to achieve the outcomes identified in the Council and Community Plan.

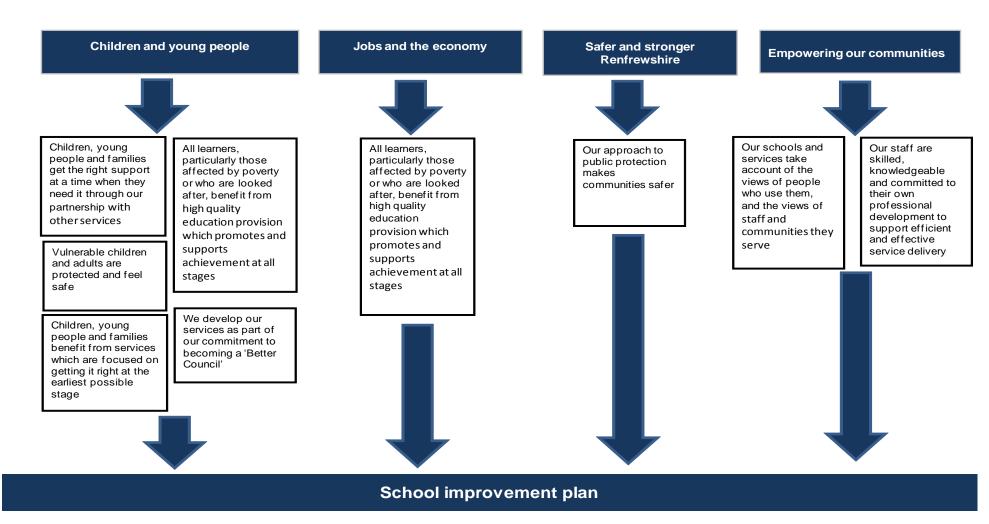

As part of Children's Services, Gleniffer High School has developed this school improvement plan which provides a framework for how we intend to continue our work towards achieving better outcomes for those associated with our school community.

In both the national and local context, curriculum for excellence, getting it right for every child and closing the poverty attainment gap are the focus for education and responding to these priorities will be a central aspect for Gleniffer High School since they are central to preparing and supporting children and young people for the future.

The priorities within this plan set out how we will improve our school and work towards achieving the vision for our school and for Renfrewshire.
