- SQA announced 1st February additional support for learners in advance of 2022 exam diet

Revision support - published w/b 7th March

Exceptional circumstances service

Grading

Appeals service 2022

Estimated Grades

- Estimated grades are submitted by schools to SQA.
- Evidence based.
- Staff use collation of classwork, assessments, portfolio/projects/folio with prelim papers to form a judgement on the grade they estimate pupils will achieve.

Current concerns

- Pupils' understanding of the requirements for success.
- Pressure on young people and staff.
- Current attainment picture across the school.
- Perceived lack of motivation in classes and personal study.
- Ongoing attainment evidence to be gathered for estimated grades.

What Gleniffer have in place.

- High quality teaching and learning.
- Extensive spend on additional resources to target specific areas for pupils.
- Assessment programme published to help pupils plan.
- Extensive supported study programme.
- Easter revision classes.
- Masterclasses during exam diet.
