

Art & Technical Faculty

S2 Art and Design Course

What will I be learning?

In S2, you will attend Art and Design two periods per week and will study the following topic areas:

- Visual Elements
- Drawing Skills
- Colour Theory
- Expressive Projects
- Designer Projects
- Artist Studies
- Designer Studies
- Media Handling Skills

How will I be assessed?

All topics in the S2 Art and Design course will be assessed. This will happen throughout the completion of your work and when you finish a topic. Teachers will also set drawing tests for you to complete throughout S2.

All tasks help you demonstrate your understanding of the topic to your teacher. You will be given feedback from your teacher to help you improve your work, finally your work will be graded at bronze, silver or gold level.

Your teacher will share with you how to achieve each level, so you know how to improve your result on the next task.

Don't worry if you need additional support to complete your assessments – your teacher will organise this for you!

What does homework look like?

You will receive at least one piece of homework per topic.

The homework for Art & Design can be some of the following: a research task; researching and artist or designers work, drawing or photography tasks.

See your teacher in class if you need help accessing Satchel One, or if you would prefer to complete the homework on paper instead.
